Allowable Subject Matter

1. Claims 1-21 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record fail to teach or fairly suggest a method of correlating a satellite signal with a pseudorandom reference code, having a system and an associated method of receiving samples of a satellite signal having a repeating code; performing at least one fast convolution between said samples and the pseudorandom reference code; detecting a correlation peak within a result of said at least one fast convolution; estimating a code delay of said repeating code relative to said pseudorandom reference code at said correlation peak; and correlating said samples with the pseudorandom reference code using said estimated code delay as an initial code delay value in combination with the other elements and features of the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the

examiner should be directed to McDieunel Marc whose telephone number is (703) 305-4478. The examiner can normally be reached on 6:30-5:00 Mon-Thu.
